

HP Proactive Select, Configuration Guide

Service overview

HP Proactive Select is a highly configurable/customizable service that provides the customer with the flexibility to select proactive services that fit their particular environment. Highly trained technical service specialists can assist the customer with a variety of activities, ranging from design, implementation, and platform deployment to consolidation, migration, project management, and onsite technical forums.

HP Proactive Select provides an assigned account support manager, a defined number of service credits that can be redeemed for specific services (see Service Activity Menu List), a plan for the delivery of the services selected by the customer and a plan review meeting during standard business hours, standard business days, excluding HP holidays. There are 4 core packages: Proactive Select 10 credits, 30 credits, 60 credits, and 180 credits. There is an additional package to add additional service credits.

HP Proactive Select value proposition

- Customer selects the proactive and reactive support to fit their environment.
- Scalable – multiple packages plus additional credits for scaling. Mix and match.

Quoting Information:

Step 1: Determine the number of service credits that the customer will need to redeem the service activities that they need. Also determine the length of the service agreement. Multi-year Care Packs are available, see the following pages. For the Proactive Select Menu List go to http://intranet.hp.com/tsg/ams3/services/002/Service_Solutions_MC/Pages/MCPortfolio.aspx or the Mission Critical web page on the Partner Portal. Note: HP has provided specific packages for our BCS, ISS, and SWD sales forces to use.

Step 2: Quote the package number that is nearest in service credits (see following pages for other Flexible Care Pack, Fixed Care Pack and contractual Product numbers). These are the 1 year Fixed Care Pack product numbers that an ISS Sales Representative would use:

- UL522E, HP Proactive Select - provides 10 service credits \$2,300*
- UL519E, HP Proactive Select - provides 30 service credits \$8,699*
- UL520E, HP Proactive Select - provides 60 service credits \$17,398*
- UL521E, HP Proactive Select - provides 180 service credits \$48,960*

Note: Product number does limit customer to any specific set of services. It is used for sales tracking and quota only.

Step 3: If the quantity of service credits does not meet or exceed the service credit value of services selected, order additional service credits using: the appropriate product number for HP Additional Proactive Service Credits (provides 10 additional service credits) \$2,300*

ISS EXAMPLE: ISS Sales Representative is selling to a customer who needs 50 service credits to redeem the services they need.

Example uses 1 year Fixed Care Pack product numbers

- Quote: Quantity 1 - UL519E, HP Proactive Select 30 credits - provides 30 service credits \$8,699*
Quantity 2 - UL522E, HP Add 10 Proactive Select Credit Service - provides 10 service credits \$2,300*

BCS EXAMPLE: BCS Sales Representative is selling to a customer who needs an average of 60 service credits per year for three years to redeem the services they need. **Example uses 3 year Flexible Care Pack product numbers.**

- Quote: Quantity 1 - HG922A3#12G, HP 3Y Proactive Select 180 credits - provides total of 180 service credits over 3 years \$50,138*

TS EXAMPLE: TS Sales Representative is selling to a customer who needs an average of 180 service credits for 1 year to redeem the services they need and they want to buy contractually. **Example uses contractual product numbers**

- Quote: Quantity 1 - HG923AC, HP Proactive Select 180 credits - provides total of 180 service credits for 1 year \$48,960*

SWD EXAMPLE: SWD Sales Representative is selling to a customer who needs an average of 180 service credits per year for five years to redeem the services they need. **Example uses 5 year Flexible Care Pack product numbers.**

- Quote: Quantity 1 - HG923A5#12R, HP 5Y Proactive Select 900 credits - provides total of 900 service credits over 5 years \$234,821*
